*Ad hoc announcement pursuant to Article 53 of the SIX Exchange Regulation Listing Rules*

### Q1 2025 : Revenue<sup>1)</sup> growth of 11.8% at constant exchange rates to CHF 322.0m

Compagnie Financière Tradition continues its growth since the beginning of the year, maintaining the positive trend from previous years at constant exchange rates. Indeed, consolidated revenue, including the share of joint ventures, **increased by 11.8% at constant exchange rates (+13.5% at current exchange rates) in the first quarter of the year**. This performance was achieved in a market environment characterized by a cautious approach from major central banks in response to mixed economic signals, amid ongoing geopolitical tensions and increased volatility, which benefitted the Group's activities.

The revenue breakdown is as follows:

CHFm	2025	2024	Variation at current exchange rates	Variation at constant exchange rates
Reported revenue (IFRS)	294.7	265.6	+10.9%	+9.2%
Revenue including share of joint ventures <sup>1)</sup>	<b>322.0</b>	<b>283.8</b>	<b>+13.5%</b>	<b>+11.8%</b>
Interdealer broking business (IDB)	309.5	276.8	+11.8%	+10.1%
Retail investors (Non-IDB)	12.5	7.0	+77.8%	+77.6%

The activity with retail investors (Non-IDB) showed a significant revenue increase, rising by 77.6% at constant exchange rates (+77.8% at current exchange rates). This growth was notably driven by the integration of Money Partners Group, following its acquisition by Gaitame.com last December, further strengthening Gaitame.com's presence in the Japanese online brokerage market.

1) with proportionate consolidation method for joint ventures
